

# 10U Colocation in NXData-2 Bucharest

NXData-2 is located in a modern building less than a kilometer away from NXData-1 offering the second best interconnection options with over 35 networks hosted here, including main Internet Exchanges in Bucharest. NXData-2 is a safe location to deploy both servers and telco equipment especially when the required power draw is high.

### No Commitment - Price per Month

The price is for a full calendar month, regardless of how many days are within that month. You can request to cancel the service anytime ("no contract"), but the service will be terminated, regardless if it's used or not, in the last day of that month.
