

# 10U Colocation in Equinix MIA1 (Terremark NAP) Miami

Ranked 5th most interconnected datacenter in United States with over 150 networks present, it is the choice for operators looking to serve Latin Americas.

### 1 Year Commitment - Price per Month

The price is for a full calendar month and you commit to pay this price monthly for a full year (one day prior of activation date, next year). You cannot switch to a shorter commitment term and if you request service termination prior the one year anniversary, you still have to pay monthly the cost of this service until the last day of last month or pay a significant termination fee.

Prices does not include taxes
