

# 10U Colocation in NXDATA-1 Bucharest

NXDATA-1 is the first neutral colocation point in Bucharest. It is the ideal location in Bucharest for those looking to establish a telecommunication point of presence.

## 1 Year Commitment - Price per Month

The price is for a full calendar month and you commit to pay this price monthly for a full year (one day prior of activation date, next year). You cannot switch to a shorter commitment term and if you request service termination prior the one year anniversary, you still have to pay monthly the cost of this service until the last day of last month or pay a significant termination fee.
