

Full Rack Cabinet Colocation in CoreSite LA1 (One Wilshire) Los Angeles

CoreSite LA1 in One Wilshire Building is by far the best interconnected neutral datacenter on West Coast. If your business requires to be in the same building with over 250 other ISP, content providers and cloud companies servicing US West Coast and Asia, then CoreSite LA1 should be your choice. Any2 Internet Exchange operated by CoreSite has over 235 networks connected that exchange traffic increasing quality and lowering IP transit cost.

1 Year Commitment - Price per Month

The price is for a full calendar month and you commit to pay this price monthly for a full year (one day prior of activation date, next year). You cannot switch to a shorter commitment term and if you request service termination prior the one year anniversary, you still have to pay monthly the cost of this service until the last day of last month or pay a significant termination fee.
