

# Full Rack Colocation in Interxion FRA3 Frankfurt

Interxion is currently the #1 choice for colocation in Frankfurt. The Interxion campus has 11 datacenters (FRA1 to FRA11) that together host at least 300 service providers, including DE-CIX, the largest Internet Exchange in the world. With so many networks located here, Interxion has the second biggest number of hosted networks in the world. Interxion FRA3 is particularly a good choice for those looking to interconnect with other traditional telcos.

## No Commitment - Price per Month

The price is for a full calendar month, regardless of how many days are within that month. You can request to cancel the service anytime ("no contract"), but the service will be terminated, regardless if it's used or not, in the last day of that month.

Prices does not include taxes

## PRODUCT SPECIFICATIONS

The price includes the system described below. Components marked with  can be replaced with others in the same category from Alternative Options list. Some options might not work if they are mixed together in this system

Good For	XXX
Datacenter	Interxion FRA3 Frankfurt
Address	298 Hanauer Landstrasse, Frankfurt am Main 60314, Germany (map)
Space	Full-depth, 19" HP G2 42U Cabinet
Guarantees	99,999% power using both lines
Who's here	DE-CIX, KleyRex, all Tier1 ISPs and over 300 other providers
Speed Test	fra.voxility.net
Power Circuits	2 lines (A primary + B redundant), 16A each
Voltage	230V
Power Supply	2.76kVA (12A draw in total) maximum power draw from both lines
Power consumption	Charged separately
How many servers will fit?	Approximately 7000 Watts of primary server sources
