

# Full Rack Colocation in Voxility IR1 Bucharest

Voxility IR1, strategically located between main datacenters, enables cross-connects with NXData-1, NXData-2, Interlan, and offers good value for large server deployments

## 1 Year Commitment - Price per Month

The price is for a full calendar month and you commit to pay this price monthly for a full year (one day prior of activation date, next year). You cannot switch to a shorter commitment term and if you request service termination prior the one year anniversary, you still have to pay monthly the cost of this service until the last day of last month or pay a significant termination fee.

Prices does not include taxes
