HP i7-3770
3.4 GHz Ivy Bridge

A powerful processor with built-in video transcoding in a system built for low-cost virtualization and general webhosting. Works best with SSDs and not recommended for high network I/O applications like streaming.

No Commitment - Price per Month
The price is for a full calendar month, regardless of how many days are within that month. You can request to cancel the service anytime ("no contract"), but the service will be terminated, regardless if it's used or not, in the last day of that month.
