

# Internet for Management Ports

An out-of-band service to make available over Internet the Ethernet management ports (KVM, ILO, DRAC, IMM, IPMI etc) of your equipment, but only to specific IP addresses.

### 1 Year Commitment - Price per Month

The price is for a full calendar month and you commit to pay this price monthly for a full year (one day prior of activation date, next year). You cannot switch to a shorter commitment term and if you request service termination prior the one year anniversary, you still have to pay monthly the cost of this service until the last day of last month or pay a significant termination fee.

Prices does not include taxes
