

Pseudowire Circuit Between Datacenters in EU and US

A redundant point-to-point Ethernet link that emulates the physical transport layer (e.g., wavelength) between a datacenter in Europe and one in US.

No Commitment - Price per Month

The price is for a full calendar month, regardless of how many days are within that month. You can request to cancel the service anytime ("no contract"), but the service will be terminated, regardless if it's used or not, in the last day of that month.

Prices does not include taxes
