

Pseudowire Circuit Between Datacenters in Miami

A redundant point-to-point Ethernet link that emulates the physical transport layer (e.g., wavelength) between two datacenters in Miami, United States.

No Commitment - Price per Month

The price is for a full calendar month, regardless of how many days are within that month. You can request to cancel the service anytime ("no contract"), but the service will be terminated, regardless if it's used or not, in the last day of that month.

Prices does not include taxes
